With upper hook, chain driven and push trolley

Robust industrial design, high quality interior parts

Push travel trolley up to 10.000 kg

Chain driven trolley up to 20.000 kg

Beam clamp up to 5.000 kg

Hand chain galvanized

Different models for loads from 250 to 20 t

CRAFTster

Hand Chain Block

+ Flexible Usage

CRAFTster, which is independent of the power supply, is easy to transport to the site of operation and easy to operate.

+ Ideal Use of Space

Compact design, minimal hook dimensions, optionally with integrated low-headroom trolley, push or chain driven trolleys available.

+ Gentle operation

Low own weight, easier handling with optional overload protection.

+ High Operational Safety

Robust, tried-and-tested construction, high-quality interior.
